

Lifesize Go

Connect up to 8 people on a group video, and make as many calls as you like, without restrictions on meeting length. Invite attendees by sending a link or an email with no download or account required to get started.

Share a presentation or other content and collaborate instantly and securely.

Start a Lifesize Go meeting

1. Navigate to <https://go.lifesize.com>.
2. Type your name and email address and then click **Let's Go** to start your meeting.

Browser support

Lifesize Go supports the following browsers:

MAC	Windows
<ul style="list-style-type: none">• Apple Safari• Google Chrome• Mozilla Firefox	<ul style="list-style-type: none">• Google Chrome• Mozilla Firefox

Mobile device support for Lifesize Go includes Apple Safari on Mac and iOS, as well as Google Android devices running Google Chrome. Screen sharing is supported on Google Chrome and Mozilla Firefox desktop browsers.

NOTE: When starting up the Lifesize Go app using a web browser, make sure the web browser has not blocked your camera and microphone. You may be asked to allow permissions to use Lifesize Go site's media for video conferencing. Refer to [this Google article](#) for information about these settings on Chrome and this [Mozilla article](#) for Firefox.
