

Bring your meetings to life with 4K video.

Video conferencing made simple with award-winning software and hardware.

The Lifesize App

Global, secure, reliable and easy to use.

Our cloud-based app is designed to support all of the different ways your team likes to collaborate — audio and video conferencing, screen sharing, chat and the ability to stream and record meetings all from one secure application.

- Full-featured web app with downloadable desktop and mobile apps
- Search-based company directory with support for Single Sign-on
- Unlimited guest invites connect you with anyone outside of your organization
- Microsoft integrations with Teams, Outlook, Exchange and Skype for Business
- One-click call recording with built-in hosting and sharing solution
- Live stream meetings for up to 10,000 attendees
- Full audio conferencing with local dial-in numbers in more than 60 countries
- All communication streams encrypted end-to-end by default

Lifesize Video Room Solutions

Introducing the world's first 4K meetings.

We design, develop and produce our own conference room hardware and software. Our highly praised (and deservedly awarded) Lifesize® Icon™ Series with Lifesize® Phone™ HD is a complete video room solution, while our Lifesize Dash™ kit lets you create a room with a Chromebox and certified webcam and audio devices.

- Customizable, touchscreen Lifesize Phone HD with best-in-class audio clarity perfectly tuned for human speech
- Solutions for small/huddle rooms, traditional conference/boardrooms and auditorium/all-hands spaces
- Calendaring integrations to reserve conference rooms and prompt attendees to join the call at the start of the meeting
- Industry-leading 4K video conferencing quality with full-motion 4K content sharing
- Powerful 20x zoom, rich camera optics and integrated pan/tilt/zoom controls
- Plug-and-play setup gets you up and running in minutes
- Cloud-connected devices are automatically updated and centrally managed through the web-based reporting and administration console

Lifesize Share™

Multiple applications. A single, automated experience.

The Lifesize Share media platform seamlessly integrates wireless screen sharing, digital signage, whiteboard capture and room automation so that your meetings start on time, your presentations run smoothly and you capture the attention of everyone in your audience.

- True wireless screen sharing without having to rely on dongles, specialty connectors or cords
- Digital signage solution automatically switches between active video calls and on-screen corporate communications
- Access more than 70 free digital signage apps including news feeds, dashboards and social networks or upload your own program images and slides
- Setup is plug and play, updates are automatic and devices are centrally managed
- Capture and share whiteboard content, chronicling your entire session in real time
- Present your screen, video or a single app using your web browser or Apple AirPlay

Why Lifesize?

Hardware and Software Together

By integrating our meeting room systems and cloud service, we enable every person and every conference room with amazing video conferencing.

Global Network

With data centers in every major geography, our industry-leading global presence helps you connect your global teams.

Secure Communication

Lifesize uses best-of-breed data centers with independent third-party security and privacy certifications to ensure the most secure and reliable foundation possible for our customers.

Seamless Integration

Lifesize fits in the workflow of your existing tools to give you the best video experience in the apps and meeting rooms you use every day.

Driven by Customer Obsession

We are the industry leaders for customer satisfaction with a world class NPS score of 84 and we stand behind our service with an industry-leading uptime service level agreement.

Tens of thousands of organizations around the world use Lifesize

Our video conferencing solutions are designed for the demands of today's modern enterprise and fully accessible to businesses of any size. Lifesize connects a wide range of industries, such as education, health care, financial services, manufacturing, government, technology, retail and transportation, among others.

About Lifesize

Headquartered in Austin, TX, Lifesize combines best-in-class, cloud-based video conferencing services with integrated equipment to help you present your business in the best light and make the best impression with every conversation. Recognized as Frost & Sullivan's Cloud Video Conferencing Vendor of the Year, Lifesize leads the industry in customer satisfaction with the world's first 4K video conferencing solution and 4K service architecture. Together with a full suite of integrations and offerings designed for businesses of any size, Lifesize is setting a new standard for workplace communication and productivity on a global scale.

To see why companies like Yelp, Netflix and Major League Baseball rely on Lifesize for their mission-critical team communication, visit www.lifesize.com or follow us @LifesizeHD.
